### **IVC FLEXITEC Sheet Vinyl**

IVC continues to grow their production in the new Dalton, GA facility. Virtually all the manufacturing of IVC Flexitec vinyl is now here in the US. While there continues to be a few patterns on backorder, we expect those to be filled within the next three weeks.

Flexitec has scheduled their 2011 new intro package for this fall. More information will be available later this summer.

Replacement samples for your Level Plus and Level Pro strap sets will be available in May. Our sample order is in with IVC for immediate delivery.

A reminder, the May 1 price list which was mailed out last month is now in effect.

### **FAUS Laminate Flooring**

We have had a number of requests to ship full pallets of Faus laminate direct from the Faus plant in Dalton. Of course we will do that for you! And that will even save you some money on your order. Next time you need close to a pallet (approximately 600 sf), inquire about our direct ship program.

### **FLOOR MUFFLER Underlayments**

We continue to add to the number of Retailers using Floor Muffler. No matter which competitive product you are using, when you learn of the advantages of using Floor Muffler, you will switch immediately.

Take advantage of our introductory promotion that runs through May. With every 6' roll (600 sf), choose a \$10 gift certificate from either Scheel's Sports or Cabella's Outdoor. Or buy 12 of the 100 sf rolls and receive a \$20 gift certificate.
