

GAMES COURT MARKINGS

The information contained in this bulletin will be helpful to you and your customers in designing recreation areas in schools, churches, community centres, etc. when resilient floors are being installed.

The games courts outlined herein are:

...BADMINTON

...VOLLEYBALL

...BASKETBALL

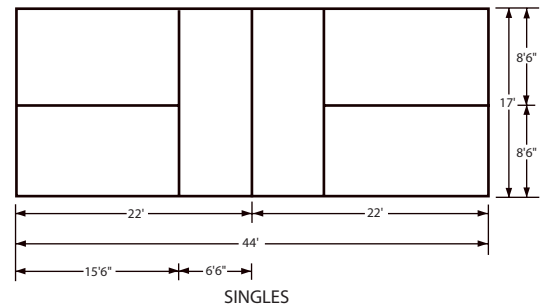

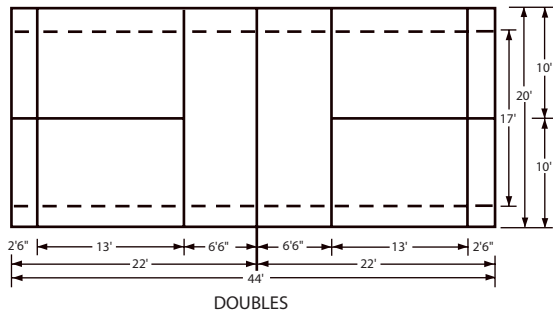

The use of resilient tile as a floor covering in recreation areas has been the standard for many reasons.

A few of these are versatility of design, attractive appearance, durability, ease of maintenance, and low cost.

Flextile Feature Strip is used for resilient flooring court markings, and is available in a variety of colours in 24 inch lengths, in 1", 1 1/2" and 2" widths, in 1/8" gauge.

For additional information on games court markings, contact Flextile Ltd., or your nearest sporting goods dealer.

BADMINTON

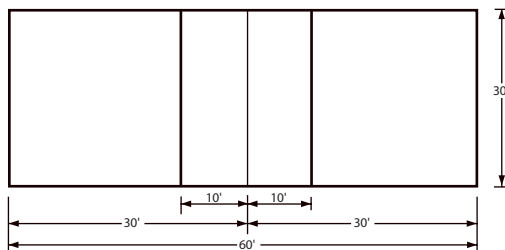

Two inch Feature Strip is recommended for Badminton Court markings. For the doubles court, 234 lineal feet are required, and for the singles court, 187 lineal feet.

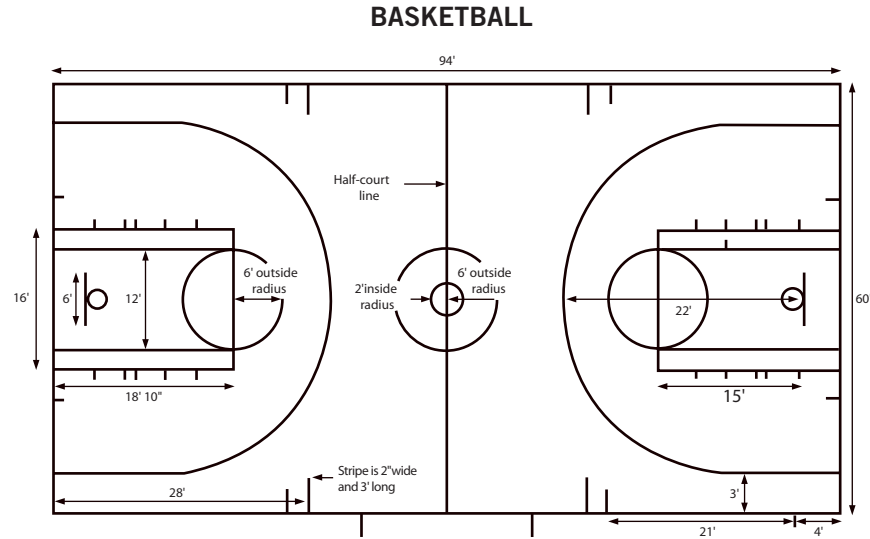

Both singles and doubles courts may be combined as shown in the first sketch - the solid lines for the doubles court and the dotted lines for the singles.

Different colours should be used for court markings. For example, white for the doubles and red for the singles. Applied in this manner, 234 lineal feet of white strip would still be required for the doubles outline, while only 93 feet of red strip would be required for the extra markings required for the singles court.

VOLLEYBALL

Two inch Feature Strip is recommended for Volleyball Court markings, and 240 lineal feet are required.

If court is less than 74 feet long, it should be divided by two lines, each parallel to and 40 feet from the farther line. All lines are 2" wide. A minimum of 3 feet, preferably 10 feet, of unobstructed space should be provided outside the boundary.

If impossible to provide 3 feet, then a narrow broken 1" line should be marked inside the court, parallel with and 3 feet inside the boundary.

FLEXITILE PRODUCTS COMPLY WITH THE BUY AMERICA PROGRAM AS OUTLINED BY THE UNITED STATES GOVERNMENT, INCLUDING WHEN FEDERAL FUNDS ARE USED.
